The Drifter's Saddle Bags are our most economical bags and perfect for all riders. A smaller version of the Trail Rider's Side Bags without the extra features and made of the same tough, water-resistant denier nylon, trim and insulation. Each bag has two **1 quick release buckles**, **2 grommets** for securing to the saddle and **3 'D' rings** to eliminate flopping. The **4 compression straps** in the center section are ideal for securing a bedroll, rain slicker or camp chair.

Designed to fit Western saddles and versatile enough for English saddles.
